

PLANTMARK APP

Download today for FREE!

Over 30,000 plants at your fingertips!

Plant Search & Availability

Search for the availability of over 30,000 Plants & Garden Products at any or all of our Plantmark stores.

View quantities available, prices and Trade Market locations of *all* plants in stock, in *all* sizes, across *all* Plantmark stores. You will also find helpful plant information and suggested plant substitutes.

It's a very handy tool!

Scan A Plant

Simply scan a plant barcode, see the price and get all the plant information you need at your fingertips.

Designed to use when visiting any Plantmark store. In addition to all the extensive **Plant Search & Availability** features, you can also see all available sizes of the scanned plant, across all stand locations within the Trade Market you are standing in, saving you time and energy.

My Account

A password protected area allowing you to Pay Invoices online, search your Purchase History and Submit Enquiries.

Plantmark Locations

Quickly find all the location and contact details of our six Plantmark locations.

Saved Plant Lists

Create and save personalised Plant Lists for future use.

Save time by planning your Plantmark visit from home. When you arrive at Plantmark, simply open your **Saved Plant List** and start shopping.

Or simply convert your **Saved Plant List** to a **Quote** at the touch of a button.

Quotes

Now you can request a **Quote** on the go.

Use the **Plant Search**, **Scan A Plant** or **Saved Plant Lists** to create your **Quote** and submit. The Plantmark Sales Team will respond to your quote request with prices, stock availability and pick up/delivery requirements.

You can view any pending or current online Quotes and convert to Orders once satisfied.
