Spathiphyllum hybrida Sensation

Botanical Name: Spathiphyllum hybrida Sensation

Common Names: Peace Lily,

Native: No

Foliage Type: Evergreen

Plant Type: Indoor Plants, Palms, Ferns & Tropical, Shrubs

Plant Habit: Clumping, Upright

Description:

Spathiphyllums are soft wooded perennials/shrubs with large, dark glossy green leaves and striking white flowers. Very popular choice as an indoor plant and for office spaces, they not only soften an interior but also clean the air by removing nasty chemicals from man-made materials. S. Sensation grows to approx 1.2m and features bold, broad leaves and large flowers.

Mature Height: 1-2m **Position:** Semi Shade

Mature Width: 60cm-1m **Soil Type:** Loam, Sandy, Well Drained

Family Name: Araceae

Origin: Asia

Characteristics:

Foliage Colours: Green

Flower Colours: White

Flower Fragrant: No

Flowering Season: Spring, Summer

Fruit: Yes

Requirements:

Growth Rate: Moderate

Maintenance Level: Medium

Water Usage: Medium / Moderate

Tolerances:

Drought: Low

Frost: Tender

Wind: Tender

Landscape Use(s): Cut Flower, Feature, Indoor Plant, Shady Garden, Tropical Garden, Container / Pot, Under Trees

Pest & Diseases:

Aphids, Mites, Scale, Thrips

Cultural Notes:

Can be grown outdoors in warm, tropical areas but need a sheltered position with good light. In cooler climates, try to choose a position near a window where there is bright, filtered light. Do not allow the leaves to come in to contact with the glass and avoid direct hot sunlight. Also, choose a draft-free position away from heaters. Keep the soil mist but ensure water drains away easily. Over-watering will induce root rot. Use a good quality controlled release fertiliser in spring and supplement this with an occasional liquid feed. Remove old leaf stems by cutting off at the base. Information and images courtesy of Ramm Botanicals.

Plant Care:

Annual slow release fertiliser, Keep moist during dry periods, Liquid feed
