

Rosa Busy Bee

Rosa Busy Bee

Botanical Name:	Rosa Busy Bee
Common Names:	Ground Cover Rose, Groundcover Rose, Miniature Rose,
Native:	No
Foliage Type:	Deciduous
Plant Type:	Roses, Shrubs
Plant Habit:	Rounded, Shrub Like

Description:

Miniature roses have a cluster of several flowers on each stem that vigorously grow throughout a long flowering season to give a magnificent floral display to the landscape. They have a high resistance to diseases which makes them a great low maintenance rose. Busy Bee has beautiful, small, mid salmon-pink double blooms. Great for containers.

Family Name: Rosaceae

Origin: Europe

Characteristics:

Foliage Colours: Green

Flower Colours: Pink

Flower Fragrant: No

Flowering Season: Spring, Summer

Fruit: Insignificant

Requirements:

Growth Rate: Moderate

Maintenance Level: Medium

Water Usage: Medium / Moderate

Tolerances:

Drought: Medium / Moderate

Frost: High

Wind: High

Mature Height: 30-60cm **Position:** Full Sun

Mature Width: 30-60cm **Soil Type:** Any, Clay, Loam, Sandy, Well Drained

Landscape Use(s): Balcony / Roof, Borders / Shrubbery, Courtyard, Feature, Formal Garden, Fragrant Garden, Groundcover, Mass Planting, Park And Gardens, Container / Pot

Pest & Diseases:

Aphids, Black Spot, Mites, Possums, Powdery Mildew, Rust, Scale, Thrips, Yellow Leaves

Cultural Notes:

Needs to be planted in well drained soil that has a high amount of organic matter. When planting ensure the grafting bud is above soil level. Mulch with a organic mulch. Fertilize regularly throughout the growing season with a rose specific fertilizer. Pruning can be done regularly throughout the growing season by removing spent blooms which encourages repeat flowering. Hard pruning is undertaken in winter once the plant has gone dormant, pruning to a vase shape to increase air movement within the plant to reduce the occurrence of pests and diseases.

Plant Care:

Annual slow release fertiliser, Keep moist during dry periods, Liquid feed, Mulch well
