

Rosa Ebb Tide

Rosa Ebb Tide

Botanical Name:	Rosa Ebb Tide
Common Names:	Floribunda Rose,
Native:	No
Foliage Type:	Deciduous
Plant Type:	Hedging / Screening, Roses, Shrubs
Plant Habit:	Rounded, Upright

Description:

Floribunda Roses are a modern breed of rose that have been developed by crossing them with a Hybrid Tea. They have a cluster of several flowers on each stem that vigorously grow throughout a long flowering season to give a magnificent floral display to the landscape. They have a high resistance to diseases which makes them a great low maintenance rose. Ebb Tide has magnificent deep smoky purple blooms that have a intense fragrance. The large double blooms also have the old world charm. A great addition to the garden and with such intense colouring will look a stand out when planted amongst a contrasting colour. Also available as a standard.

Mature Height: 1-2m **Position:** Full Sun

Mature Width: 60cm-1m **Soil Type:** Well Drained

Landscape Use(s): Borders / Shrubbery, Courtyard, Cut Flower, Feature, Formal Garden, Fragrant Garden, Hedging / Screening, Container / Pot

Pest & Diseases:

Aphids, Black Spot, Mites, Possums, Scale, Thrips, Yellow Leaves

Cultural Notes:

Needs to be planted in well drained soil that has a high amount of organic matter. When planting ensure the grafting bud is above soil level. Mulch with a organic mulch. Fertilize regularly throughout the growing season with a rose specific fertilizer. Pruning can be done regularly throughout the growing season by removing spent blooms which encourages repeat flowering. Hard pruning is undertaken in winter once the plant has gone dormant, pruning to a vase shape to increase air movement within the plant to reduce the occurrence of pests and diseases.

Plant Care:

Annual slow release fertiliser, Keep moist during dry periods, Mulch well

Family Name: Rosaceae

Origin: Europe

Characteristics:

Foliage Colours: Green

Flower Colours: Purple

Flower Fragrant: No

Flowering Season: Spring, Summer

Fruit: Insignificant

Requirements:

Growth Rate: Moderate

Maintenance Level: Medium

Water Usage: Medium / Moderate

Tolerances:

Drought: Medium / Moderate

Frost: High

Wind: High
