<b>Botanical Name:</b>	Rosa Heaven Scent
<b>Common Names:</b>	Hybrid Tea Rose,
<b>Native:</b>	No
<b>Foliage Type:</b>	Deciduous
<b>Plant Type:</b>	Hedging / Screening, Roses, Shrubs
<b>Plant Habit:</b>	Rounded, Upright

### Description:

Hybrid Tea Bush Roses are a cross breed rose that make a great addition to the landscape to create a fantastic display of colour, texture and fragrance. They flower over a long period usually a single flower on a long stem making it perfect for cut flowers. They have a high resistance to diseases making them a great low maintenance rose. Heaven Scent has beautiful light pink, highly scented blooms. Also available as a standard.

<b>Mature Height:</b>	1-2m	<b>Position:</b>	Full Sun
<b>Mature Width:</b>	60cm-1m	<b>Soil Type:</b>	Well Drained

**Landscape Use(s):** Borders / Shrubbery, Courtyard, Cut Flower, Feature, Formal Garden, Fragrant Garden, Hedging / Screening, Container / Pot

### Pest & Diseases:

Aphids, Black Spot, Mites, Possums, Scale, Thrips, Yellow Leaves

### Cultural Notes:

Needs to be planted in well drained soil that has a high amount of organic matter. When planting ensure the grafting bud is above soil level. Mulch with a organic mulch. Fertilize regularly throughout the growing season with a rose specific fertilizer. Pruning can be done regularly throughout the growing season by removing spent blooms which encourages repeat flowering. Hard pruning is undertaken in winter once the plant has gone dormant, pruning to a vase shape to increase air movement within the plant to reduce the occurrence of pests and diseases.

### Plant Care:

Annual slow release fertiliser, Keep moist during dry periods, Mulch well
