

Banksia integrifolia fastigiata Sentinel

Banksia integrifolia fastigiata Sentinel

Botanical Name:	Banksia integrifolia fastigiata Sentinel
Common Names:	Coast Banksia,
Native:	Yes
Foliage Type:	Evergreen
Plant Type:	Hedging / Screening, Shrubs
Plant Habit:	Shrub Like, Upright, Upright Narrow

Description:

Australfora has bred and trialed Banksia Sentinel just for those awkward spots and narrow spaces. While it will grow to around two metres high, it only has a spread of a metre or so, and it's a simple matter of trimming back the offending leaves. This will produce an even denser habit. Large lemon brushes will keep the birds happy from summer through to mid winter, whether you have an inland garden or a first-line coastal plot. You can also grow it as a small windbreak or clip it as a neat hedge. Sentinel is the Designer Plant that landscapers have had on their wishlist for a long time.

Family Name:	Proteaceae
Origin:	Australia
Characteristics:	
Foliage Colours:	Green
Flower Colours:	Yellow
Flower Fragrant:	No
Flowering Season:	Autumn, Summer
Fruit:	Insignificant

Requirements:

Growth Rate:	Moderate
Maintenance Level:	Low
Water Usage:	Low

Tolerances:

Drought:	High
Frost:	Moderate
Wind:	Moderate

Mature Height:	2-4m	Position:	Full Sun, Semi Shade
Mature Width:	60cm-1m	Soil Type:	Any, Well Drained

Landscape Use(s): Bird Attracting, Borders / Shrubbery, Coastal Garden, Courtyard, Cut Flower, Feature, Foliage Feature / Colour, Formal Garden, Habitat, Hedging / Screening, Low Water Garden, Mass Planting, Park And Gardens, Playgrounds, Container / Pot

Pest & Diseases:

Generally trouble free

Cultural Notes:

Plant Care:

Low phosphorus slow release fertiliser, Mulch well
