

Rosa Professor Seiber

Rosa Professor Seiber

Botanical Name:	Rosa Professor Seiber
Common Names:	Floribunda Rose,
Native:	No
Foliage Type:	Deciduous
Plant Type:	Roses, Shrubs
Plant Habit:	Mat Forming, Rounded, Shrub Like

Description:

Floribunda roses are a modern breed of rose that have been developed by crossing them with a Hybrid Tea. They have a cluster of several flowers on each stem that vigorously grow throughout a long flowering season to give a magnificent floral display to the landscape. They have a high resistance to diseases which makes them a great low maintenance rose. Professor Seiber has pink blooms that flower in abundance
