Description:

Gardenias are one of the most popular plants because of their exquisite, white, beautifully perfumed blooms which contrast perfectly with the dark green glossy foliage. They require warmth, shelter, well drained soil and plenty of water in the flowering months. Aimee Yoshiba is a rounded, evergreen shrub producing large double white blooms. Blooms are heavily scented. Gardenias are versatile plants and look impressive mass planted or as a hedge. Can be used as underplanting or background planting. Grows well in pots and can also be grown as a standard. Grows approx. 1 - 1.2m in height and 1m wide.
