Description:

Hybrid Tea Bush Roses make a great addition to the landscape to create a fantastic display of colour, texture and fragrance. They flower over a long period usually as single flowers on a long stems. This makes them the perfect choice for cut flowers. They have a high resistance to diseases making them a great low maintenance rose. Rosa Neptune has beautiful lavender mauve highly fragrant blooms. Also available as a standard.

Mature Height:	1-2m	Position:	Full Sun
Mature Width:	60cm-1m	Soil Type:	Well Drained

Family Name: Rosaceae

Origin: Europe

Characteristics:

Foliage Colours: Green

Flower Colours: Purple

Flower Fragrant: No

Flowering Season: Spring, Summer

Fruit: Yes

Requirements:

Growth Rate: Moderate

Maintenance Level: Medium

Water Usage: Medium / Moderate

Tolerances:

Drought: Medium / Moderate

Frost: High

Wind: High

Landscape Use(s): Borders / Shrubbery, Courtyard, Cut Flower, Feature, Formal Garden, Fragrant Garden, Mass Planting, Container / Pot

Pest & Diseases:

Aphids, Black Spot, Mites, Possums, Rust, Scale, Thrips, Yellow Leaves

Cultural Notes:

Needs to be planted in well drained soil that has a high amount of organic matter. When planting ensure the grafting bud is above soil level. Mulch with a organic mulch. Fertilize regularly throughout the growing season with a rose specific fertilizer. Pruning can be done regularly throughout the growing season by removing spent blooms which encourages repeat flowering. Hard pruning is undertaken in winter once the plant has gone dormant. Prune to a vase shape to increase air movement within the plant to reduce the occurrence of pests and diseases.

Plant Care:

Annual slow release fertiliser, Keep moist during dry periods, Mulch well
