### Description:

A smaller, bushier lemon variety producing many crops of medium sized lemons throughout the year. The fruit is round orange/yellow in colour with a thin rind, has high juice content and a mild, low acidic flavour. Popular choice as it is visually appealing with lush glossy leaves and is the most aromatic of lemon trees. Also more cold tolerant than other lemon varieties. Ideal for containers & pots too. Dwarf varieties available. Also available in standard and espalier forms.
